

Details: Full Time, Permanent

Software Developer

A great opportunity exists for a candidate who agrees that excellent software needs to be developed by talented developers with both business and technical experience!

Our company's software solution manages customer revenues worth €20bn across multiple sectors in more than 100 locations in seven languages, in Europe, USA and Asia. Our clients include global multinationals in the utilities, logistics, manufacturing, technology, steel and telecoms sectors. We are an independent, rapidly growing software company which has captured and distilled the essential expertise in transforming Credit, Collections and Customer Service policies and processes within the innovative framework of a leading-edge software solution.

The successful candidate will have excellent technical and business skills with their main role responsibility being the development and maintenance of a core software solution for delivery into large organisations, typically in the finance customer service departments.

The successful candidate will have:

- Knowledge of C# and Windows Forms with any ASP.Net experience an advantage
- Knowledge of Microsoft technologies including .NET and SQL Server (SQL Scripting) with the relevant Microsoft qualifications preferred
- Knowledge of agile methods and test driven development practises
- Attention to detail and commitment to deliver high quality, tested code
- Ability to solve complex problems with elegant, quick and accurate coding
- Excellent diagnostic and problem solving skills
- Ability to articulate issues and propose solutions both in writing and verbally
- Ability to operate within a team and independently
- Good time management and ability to work under pressure to meet deadlines
- Adaptability to changing situations and needs in line with business and client demands

This role ideally suits a tenacious technical expert with excellent technical and inter-personal skills.

A fantastic opportunity to join a rapidly growing organisation; working with blue chip companies and cutting edge technologies.

We are a Microsoft Gold Partner.

Are you the right fit for this exciting opportunity and are up for the challenge? If so, please send your resume to recruitment@customergroup.com
